Introduction

We agree to give cover under this policy subject to the terms and conditions included in this policy.

These terms and conditions are applicable to all the policy sections you selected.

Basis of this policy

This policy, your policy summary, our correspondence to you, your application for insurance and any statement, written or spoken, made by you, or on your behalf, forms the contract between us and you .

Period of this policy

The period of this policy is initially the period from the start date of this policy, as shown on in your policy summary, to the last day of the calendar month in which the start date occurs. After that, the period of this policy will be one calendar month.

Your responsibility

Duty of care

We require that you must take all reasonable precautions and all reasonable care to prevent or minimise loss, damage, death, injury or liability.

Information that affects the risk

We may declare the whole or any part of this policy invalid if you:

- (a) have not given us all the details that affect the risk; or
- (b) have misrepresented or misdescribed any details that affect the risk.

You must advise us immediately of any change in the risk. Should there have been any material change in the risk, then we may amend the cover and premium from the date of the change. If you do not inform us of any material change in the risk, we will be entitled to avoid the policy or reject any claim that occurred after the change in the risk. In this instance the term "you" includes any person acting on your behalf.

Cover provided by this policy

We will only provide cover under this policy if we have received your premium.

Payment information

Payment of premium

You can choose to pay your premium in one of three ways:

- (a) monthly by debit order;
- (b) yearly by debit order;
- (c) yearly in cash.

Your payment preference, payment date and other payment details are shown in your policy summary.

Monthly payment by debit order

You must pay your premium every month by debit order on the date shown in your policy summary. If we do not receive your premium by this date:

- (a) because you have instructed your paying agent not to honour the debit order, all cover under this policy will end on the last day of the month for which we have received your premium;
- (b) for any other reason, we will present your debit order again and collect it with your debit order for the next month. If only one debit order is paid, we will use the money to clear the oldest debt. You will, therefore, still owe us the outstanding premium. If we cannot collect at least one debit order, this policy will end on the last day of the month for which we have received your premium.

Yearly payment by debit order

You must pay your premium every year by debit order by the beginning of the year to which cover applies. The year does not need to begin in January, it can begin any month of the year. We will present your debit order to your paying agent on the date shown in your policy summary.

If we do not receive your premium by this date:

- (a) because you have instructed your paying agent not to honour the debit order, all cover under this policy will end on the last day of the yearly period for which we have received your premium;
- (b) for any other reason, we will present your debit order again and collect it no later than 30 days from the first collection. If we cannot collect this debit order, this policy will end on the last day of the yearly period for which we have received your premium.

Yearly payment in cash

You must pay your premium every year in cash by the beginning of the year to which cover applies. The year does not have to begin in January, it can begin any month of the year. Your premium must be paid by the start date or the renewal date shown in your policy summary. If we do not receive your premium within 30 days from these dates, this policy will end on the last day of the yearly period for which we have received your premium.

Claim settlement basis

We may decide to compensate you by any one or more of the following methods:

- (a) repairing;
- (b) replacing;
- (c) paying cash; or
- (d) any combination of these.

If we replace or repair, we will not be obliged to do so exactly, but only as circumstances reasonably allow. If we repair or replace any loss or damage, we may use any supplier or repairer of our choice.

Before we finalise or settle any claim, we may require you to sign an agreement of loss.

- (e) You may not without our written consent admit liability, offer, promise or pay in respect of any event that may result in a claim.

Our rights after an event which may lead to a claim

- (a) You must allow us to enter the premises where the event took place and take possession of any damaged property insured by this policy and deal with it in a manner we consider reasonable. You may not abandon any property to us, whether we have taken possession of it or not.
- (b) You must supply all information and assistance that we reasonably require and we may take over the recovery, defence or settlement of a claim and conduct it in your name.
- (c) We may, at any time, relinquish control of any defence, settlement or proceedings and pay you the full amount of our liability, or any lesser amount for which the claim can be settled. If we do so, we will be discharged from all further liability.

- (d) If this policy provides insurance to you and any other person, we may give any compensation to the other person. This payment will discharge us from any further liability.

- (d) the quantum of a claim is deliberately exaggerated by you or anyone acting on your behalf.

Excess

Our compensation is limited to the amount shown in your policy summary, less any excess. The "excess" is the amount you must pay before we settle any claim.

Your policy summary will show the excess that applies to your cover.

Time limits

- (a) If we reject your claim or dispute the amount of your claim, which decision was communicated to you in writing, you may within 90 days from the date of our communication make written representation to us.
- (b) If we still reject your claim or dispute the amount of your claim despite your written representation, you may institute legal proceedings against us within six months from the date we communicate to you the rejection of your written representation.
- (c) We are not liable after 12 months from the date of the event that gives rise to a claim, unless the claim is the subject of pending court action or arbitration or for amounts for which you may become legally liable.

No premium refund if maximum insured amount or limit of compensation is settled for any claim

If we compensate you for a claim for the maximum insured amount or limit of compensation payable for an event or item, we will not refund any premium for the remainder of the period of your insurance for that event or item.

Reinstatement of the insured amounts or limits of compensation

The insured amounts or limit of compensation shown in this policy will not be reduced by the amount of any claim unless stated otherwise.

Onus of proof

If we state that a claim is not covered because of any of the exclusions applicable to this policy, you must prove the contrary.

Cover under more than one section

We will not compensate you under more than one section of this policy for a single event, if the loss or damage is covered by more than one section. This exclusion does not apply to the All risks and the Extended Personal Legal Liability sections.

Sharing of insurance information and your authorisation to us

To combat insurance fraud and to determine and properly evaluate risks, the South African Insurance Association (SAIA) has created a shared database for storing insurance information of policyholders.

The sharing of information for underwriting and claims purposes is in the public interest and enables insurers to underwrite and assess risks fairly.

Fighting insurance fraud will benefit you, because fraud has an enormous effect on the short-term insurance industry. It affects the evaluation and determination of risks by insurers, and it affects you directly as it leads to higher premiums. We are serious about combating fraud and the fair evaluation of risks, because we want to keep your premium as fair and competitive as possible.

You therefore authorise us:

- (a) to share any underwriting and claims information for any insurance policy or claim made by you or on your behalf as we regard necessary;
- (b) to store this information in a shared database and use it in the public interest;
- (c) to give this information to any insurer or its agent;
- (d) to verify and share any underwriting information with legally recognised sources or databases.

Your right to privacy

Your right to privacy is a fundamental right that is included in The Constitution of the Republic of South Africa, 1996. This right is, however, restricted in certain circumstances. These circumstances include cases where the parties disclosing information and the parties who are privy to it have a legal interest in that information. This means that in terms of South African law, we may disclose and/or receive information if we intend using it to prevent fraud and to underwrite risks fairly.

A person who deals on your behalf

You give up your right to receive compensation if a person who deals on your behalf does not comply with the terms and conditions of this policy for the event or claim.

Amendments to conform to law

You and we agree that any terms or conditions of this policy that are against any law will be amended to conform to such law.

Reference to singular and plural

In this policy, references to the singular include the plural and references to the plural include the singular.

Contents: Average applied

If, according to our calculations, the amount needed to replace all your insured contents with similar new property at the time of any loss or damage, is more than the insured amount, we will apply average to the claim.

Terms and conditions

Insured amount, basis of indemnity and limit of compensation

The insured amount for the property insured, as shown in your policy summary, must throughout the period of this policy represent the current replacement value of similar new property.

The basis of indemnity for the loss of or damage to the insured property, or part of it, will be the current replacement value of similar new property, limited to the insured amount as shown in your policy summary.

For a single claim or series of claims arising from a single event, our compensation is limited to either:

- (a) the insured amount shown in your policy summary; or
- (b) the limit shown next to the specific cover in your policy summary.

Unless stated otherwise in the wording of the relevant cover, limits of those covers not included in the definition of "Insured event", are additional to the insured amount of the contents of your private residential structures.

Average explained

If, according to our calculations, the amount needed to replace all your insured contents with similar new property at the time of any loss or damage, is more than the insured amount, we will not pay you the full amount of the loss or damage. You will be your own insurer for the difference between the insured amount and the amount needed to replace all the insured contents. Therefore, you will be responsible for a proportional share of the loss or damage.

Let us assume you are insured for R500 000, but the replacement value of your property is R1 000 000. This means you are only insured for half of the replacement value. You must cover the other half. For example, if you suffer damage to the value of R100 000, we will only pay half of this amount, which is R50, 000, which will be calculated as follows:

Insured for: R500 000

Replacement value: R1 000 000

Claim: R100 000

Calculation: Underinsurance $R100\,000 \times (R500\,000 / R1\,000\,000)$

We will only pay you R50 000.

If you have more than one structure defined in your policy summary, we will use the combined insured amounts of all the structures on your insured premises to calculate the application of average, if any.

Your policy summary shows if average applies to the insured contents.

If your policy summary does not show whether average applies or not, you must assume that average will apply.

No-claim bonus (NCB)

A no-claim bonus applies to this section of your policy.

If you have not claimed during any renewal period of this policy, you may earn a discount on your premium according to our scale of premiums.

However, if we settle any number of claims, we will adjust the premium according to our NCB scale.

Surge arrestors

It is a condition of this policy that SABS approved surge arrestors are installed at your structures as shown in your policy summary.

If you do not comply with this condition, we will not cover your buildings against loss or damage caused by lightning, thunderbolt or power surge.

Terms and conditions

Insured amount, basis of indemnity and limit of compensation

The insured amount for the property insured, as shown in your policy summary, must throughout the period of this policy represent the current replacement value of similar new property.

The basis of indemnity for the loss of or damage to the insured property, or part of it, will be the current replacement value of similar new property, limited to the insured amount as shown in your policy schedule.

For a single claim or series of claims arising from a single event, our compensation is limited to either:

- (a) the insured amount shown in your policy summary; or
- (b) the limit shown next to the specific cover in your policy summary.

Unless stated otherwise in the wording of the relevant cover, limits of those covers not included in the definition of "Insured event", are additional to the insured amount of your buildings.

Average explained

If, according to our calculations, the amount needed to replace all your insured property with similar new property at the time of any loss or damage, is more than the insured amount, we will not pay you the full amount of the loss or damage. You will be your own insurer for the difference between the insured amount and the amount needed to replace all the insured property. Therefore, you will be responsible for a proportional share of the loss or damage.

Let us assume you are insured for R1 000 000, but the replacement value of your property is R2 000 000. This means you are only insured for half of the replacement value. You must cover the other half. For example, if you suffer damage to the value of R200 000, we will only pay half of this amount, which is R100 000, which will be calculated as follows:

Insured for:	R1 000 000
Replacement value:	R2 000 000
Claim:	R200 000
Calculation:	Underinsurance $R200\,000 \times (R1\,000\,000 / R2\,000\,000)$

We will only pay you R100 000.

If you have more than one structure defined in your policy summary, we will use the combined insured amounts of all the structures on your premises to calculate the application of average, if any.

Tenants

If any tenant of your private residence acts or omits to act in a way that may make this policy invalid, your cover will still be valid only if the following conditions are met:

- (a) you did not know that your tenant acted or omitted to act in a way that may make this policy invalid;
- (b) you tell us as soon as you become aware of the actions or omissions.

Interests of others

If the interest of any bank or any other financial institution has been noted in your policy summary as having an interest in the insured property, you agree that we may pay that financial institution to the extent of their interest in the insured property, namely the amount which is owing to the bank or the financial institution or the insured amount shown in your policy summary for buildings, whichever is the lesser.

If you act or omit to act in a way that may make this policy invalid, the interest of the bank or financial institution will not be affected if the following conditions are met:

- (a) the bank or financial institution did not know that you acted or omitted to act in a way that may have made this insurance invalid;
- (b) the bank or financial institution tells us about the act or omission as soon as they become aware of it;
- (c) you pay any extra premium you owe.

Matching building materials

When the insured property is repaired, we are not obliged to do so exactly or precisely, but only as circumstances reasonably allow. Where we cannot achieve an exact match, we will use materials that, in our opinion, match the damaged or lost materials as closely as possible. We will only do this to the part of the structure or room where the loss or damage has occurred. We will not pay for matching building materials to create a uniform effect throughout your buildings.

Unavailable parts

If the outstanding amount is less than the insured amount for your watercraft as shown in your policy summary, we will pay the difference to you.

Basis of indemnity

- (a) If your watercraft is less than five years old, the basis for our compensation will be the cost to replace your watercraft or part of it with similar new property.

Average

- (a) If your watercraft is less than five years old and, according to our calculations, at the time of any loss or damage, the amount needed to replace your watercraft (including the sails, protective covers, erected tackle, outboard motors and batteries), with a similar new watercraft is more than the insured amount, we will not pay you the full amount of the loss or damage. You will be considered to be your own insurer for the difference between the insured amount and the amount needed to replace your watercraft. Therefore, you will be responsible for a proportional share of the loss or damage.
- (b) If your watercraft is five years old or older than five years and, according to our calculations, at the time of any loss or damage, the amount needed to replace your watercraft (including the sails, protective covers, erected tackle, outboard motors and batteries), with a similar watercraft is more than the insured amount, we will not pay you the full amount of the loss or damage. You will be considered to be your own insurer for the difference between the insured amount and the amount needed to replace your watercraft with similar property. Therefore, you will be responsible for a proportional share of the loss or damage.

Let us assume you are insured for R100 000, but the replacement value of your watercraft is R200 000. This means you are only insured for half of the replacement value.

You must cover the other half.

For example, if you suffer damage to the value of R50 000, we will only pay half of this amount, R25 000, which will be calculated as follows:

Insured for R100 000

Replacement value R200 000

Claim R50 000

Calculation:

Underinsurance $R50\,000 \times (R100\,000 / R\,200\,000)$ We will only pay you R25 000.

This condition applies separately to each watercraft insured under this policy.
